Association of Physicians of Great Britain and Ireland, Proceedings of the, *at end of volume.*
Atrophic infants, observations on the percentage of sugar in the blood of, 9.
Auricular fibrillation, on the therapeutic value of quinidine in the treatment of, 279.

Basal metabolism in unstable conditions of certain endocrine glands, an investigation of the, 331.
Blood, investigations on the concentration of the nitrogenous metabolic products in the, under physiological and pathological conditions, 43; of atrophic infants, observations on the percentage of sugar in the, 9; the reaction of the, in relation to dyspnoea, 193.

Cardiac disease, quinidine sulphate in, 313.
Cerebro-spinal fluid, the sugar content of the, and its diagnostic value, especially in encephalitis lethargica, 1.
Complement fixation reaction in hydatid disease, researches on the, 244.
Congenital porphyrinuria, on, associated with hydroa aestivale and pink teeth, 319.
Creatinuria and glycosuria, observations on, in myasthenia gravis, 269.

Dropping of the stomach, on: a study based on a series of 150 cases, 144.
Dyspnoea, the reaction of the blood in relation to, 193.

Encephalitis lethargica, the sugar content of the cerebro-spinal fluid and its diagnostic value, especially in, 1; twenty cases of, with pathological findings in four cases, 131.
Endocrine glands, an investigation of the basal metabolism in unstable conditions of certain, 331.
Exophthalmic goitre, some aspects of, 55.

Fibrillation, auricular, on the therapeutic value of quinidine in the treatment of, 279.

Glycosuria and creatinuria, observations on, in myasthenia gravis, 269.
Goitre, exophthalmic, some aspects of, 55.
Gonorrhoeal infection of the nervous system, the results of, 69.

Heart, an inquiry into the clinical manifestations of a syphilitic infection upon the, 26; streptococcal infections of the, 114.
Hydatid disease, researches on the complement fixation reaction in, 244.
Hydroa aestivale and pink teeth, on congenital porphyrinuria, associated with, 319.

Infants, atrophic, observations on the percentage of sugar in the blood of, 9.

Myasthenia gravis, observations on creatinuria and glycosuria in, 269.

Nephritis, war, an inquiry into the more remote prognosis in, 207.
Nervous system, the results of gonorrhoeal infection of the, 69.
Nitrogenous metabolic products in the blood, investigations on the concentration of the, under physiological and pathological conditions, 43.

Paroxysmal tachycardia, notes on four cases of, 18.
Physicians of Great Britain and Ireland, Proceedings of the Association of, *at end of volume.*
Pink teeth, on congenital porphyrinuria associated with hydroa aestivale and, 319.
Pneumococci, a study of pneumonias and types of, 103.
Pneumonias and types of pneumococci, a study of, 103.
Porphyrinuria, on congenital, associated with hydroa aestivale and pink teeth, 319.
Potassium iodide, the excretion of, in the urine in health and disease: its use as a test of renal function, 227.

Quinidine, on the therapeutic value of, in the treatment of auricular fibrillation, 279.
Quinidine sulphate in cardiac disease, 313.

Reaction of the blood in relation to dyspnoea, the, 193.
Renal function, use of potassium iodide as a test of, 227.
Rickets, early and late, the aetiology of, 167.

Stomach, on dropping of the: a study based on a series of 150 cases, 144; syphilis of the, 215.
Streptococcal infections of the heart, 114.
Sugar, observations on the percentage of, in the blood of atrophic infants, 9.
Sugar content of the cerebro-spinal fluid, the, and its diagnostic value, especially in encephalitis lethargica, 1.
Syphilis of the stomach, 215.
Syphilitic infection upon the heart, an inquiry into the clinical manifestations of a, 26.

Tachycardia, paroxysmal, notes on four cases of, 18.

Urine, the excretion of potassium iodide in the, in health and disease, 227.

War nephritis, an inquiry into the more remote prognosis in, 207.
